**JIMMY BAIN (Bass)** - This Scottish legendary bassist is recognized worldwide as a member of the bands RAINBOW and DIO. Jimmy together with drummer Vinny Appice, formed the powerful classic rhythm section in DIO. His songwriting talents contributed to the direction and multi platinum success of DIO. Jimmy has also recorded, toured and co-written songs with other musicians, including THE SCORPIONS, KATE BUSH, guitarist GARY MOORE, THIN LIZZYS PHIL LYNOTT and the metal band WWIII with Vinny Appice on drums.

**CARLOS CAVAZO (Guitar)** - Carlos Cavazo is an original member of the multi-platinum selling band QUIET RIOT. Having sold over 6 million copies of their first record "Metal Health", Cavazo ascended to guitar hero status with his screaming guitar passages and potent solos. "Metal Health" featured the remake of Slade's classic "Cum Feel the Noise" which sold millions of copies and is still played on classic rock stations and sporting events around the world. "Condition Critical" was their second release and again reached multi-platinum status. Furthermore Carlos has been a member of the multiplatinum, internationally known 80's rock act RATT for the past two years.

**KRIGGER (Drums)** - Known as the other powerhouse in the band, Krigger has recorded and performed live with such artists as IKE & TINA TURNER, BEACH BOY CARL WILSON, metal band LONDON and GIUFFRIA. GIUFFRIA'S debut album titled "Giuffria" was certified gold and included a top 20 hit single called "Call To The Heart". In 2003, Krigger performed in Europe with IKE TURNER'S KINGS OF RHYTHM band.

**CHAZ WEST (Lead Vocals)**- This English east coast front man first came to prominence as vocalist for the rock band BONHAM featuring Jason Bonham on drums (son of the late great John Bonham of Led Zeppelin). The band released 3 CD's on Sony Music and continuously toured Europe, Japan and the US to critical acclaim worldwide. Chas has also appeared in a cameo role in the Warner Brothers movie "Rock Star" and has just recently finished a tour as lead vocalist with THE LYNCH MOB with guitarist George Lynch. The L.A. times was quoted as saying "vocalist Charles West is a wailer who sounds like "Chris Cornell" and hearing Chas for the first time Robert Plant himself said "he sounds like me when I was his age".
